A nearly wraparound deck with custom iron railings offers the perfect place to relax and take in the country views. The yard is complete with raised garden beds and a cozy firepit area—perfect for outdoor living.

Inside the home, you'll find 4 bedrooms plus an office—two bedrooms on the main level and two upstairs. The spacious and welcoming layout includes main floor laundry with half bath, a bright kitchen with a gas stove, pantry, and dinette, a large living room with a cozy woodstove and patio doors to the front part of

the deck, and a dining room with patio doors for access to the deck and nearby wood storage.

The basement features a generous family room, a hobby/workout space, the well room, utility room, and framing started for a bathroom, plus direct access to the oversized single attached garage (33' x 13').
